

ABOUT US

Delivering exceptional seafood through quality, integrity, and trusted global partnerships.

Beyond the Ocean

WHO WE ARE

Our story began in 1981 with a caviar farm on the shores of the Caspian Sea in Azerbaijan. What started as a small family initiative soon grew into a passion-driven journey, combining traditional expertise with modern innovation in seafood production. Today, with our headquarters in Istanbul, we proudly deliver premium seafood and gourmet delicacies to customers across the globe. Every product reflects decades of experience, care, and a deep respect for the oceans. In 2015, under the vision and leadership of Vurghun Sevdimaliyev, our company established its corporate structure in Turkey. With a strong focus on quality and sustainability, we quickly gained nationwide recognition through the Sun Caspian Seafood brands, becoming a trusted name in the seafood industry. Our journey continues as we strive to bring the finest flavors of the Caspian to dining tables worldwide, always committed to excellence, innovation, and responsible practices.

Why Choose Us

WITH YEARS OF EXPERTISE, WE LEAD THE SEAFOOD INDUSTRY.

Fresh, high-quality seafood, responsibly sourced and delivered with care for a premium dining experience.

BEST SUNGLASSES STORE FOR YOUR STYLISH & CLASSY LOOK

Our production processes are environmentally conscious and fully sustainable, reflecting our commitment to protecting marine ecosystems. From the careful selection of high-quality raw materials to processing supported by modern technologies, we apply safe and responsible methods at every step.

Sustainability is as much a priority as quality. Our practices ensure the protection of oceans and allow future generations to enjoy fresh, healthy, and responsibly sourced seafood. Through innovative solutions, we minimize environmental impact while delivering our premium products to the world.

SUSTAINING THE OCEAN, PROTECTING OUR FUTURE.

Each of our premium products reflects our respect for nature. We protect the future through sustainably sourced seafood.
